Below is some further info about our classes.

Marrzipan aims to promote public speaking ability, self-confidence and social skills, through the fun of Drama! **These classes run Tuesday afternoons, 3.00 – 4.00pm.**

The first part of the lesson consists of playing fun warm up games, designed to develop confidence and public speaking ability in a relaxed environment. Every student is encouraged to develop at their own artistic pace, and is never forced to do anything they do not want to do.

The rest of the lesson is then spent rehearsing for our end-of-term performances! We perform once to the school, and again for parents. It is these performances that really help to develop confidence!

This space is valued at \$159 which includes:

- 9 lessons
- 2 performances
- weekly emails to parents about what is covered in class
- a personalised certificate for every student
- small class sizes of just 14 students per class, so your child gets lots of one-on-one attention
